

EXTENSIONS OF REMARKS

INTRODUCTION OF THE NATIONAL BURN AWARENESS WEEK RESOLUTION

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, February 5, 2021

Mr. THOMPSON of California. Madam Speaker, I rise today in recognition of National Burn Awareness Week and the incredible work that the American Burn Association is doing to promote burn awareness, treatment, rehabilitation, research and prevention.

About 400,000 people are treated for burn injuries every year. Today, thanks to medical advances and greater education and awareness, almost 97 percent of those who suffer a burn injury survive. However, many are left seriously scarred or with life-long physical disabilities. That's why the American Burn Association launched National Burn Awareness Week to spread awareness about the seriousness of burn injuries and the steps each of us can take to prevent them.

The theme of this year's National Burn Awareness Week is electrical safety. Here are a few tips that can keep you and your family safe. First, always plug major appliances directly into a wall socket instead of using extension cords or power strips and always check cords for cracked or frayed sockets, loose or bare wire and loose connections before use. This is especially important around water, as electric current from a dock or marina's power supply can cause nearby swimmers to become incapacitated and drown due to electric shock. In addition, never keep batteries in your pocket because they can short circuit when the positive and negative ends come into contact, either directly with each other or indirectly through other metal objects.

Madam Speaker, we can prevent burn injuries by taking simple, commonsense preventive measures. It is therefore fitting and proper that this Congress designates the week of February 7–13, 2021 as National Burn Awareness Week.
